*Winston: Richard Hoyt's Winston was the kind of Lab that seemed to always win when it looked like he couldn't, but with teammates like Terry Holzinger, Richard and Todd Haferman, Winston thrived.*

*3 Spot: Nebraskan Larry Miller fell for this eager-to-please English Pointer pup at first sight. He wasn't disappointed! "Best nose I've ever seen", says Miller. 3 Spot was a U.S. Open winner and a solid #2 among the early dogs.*

*HHC Mich: The top point gainer of the early years and also the grandfather or the great-grandfather of six of the top twenty dogs of All Time.*

*HHC Abby: She's been missing for three years now, but still remains number one All Time. This may be the last year in this position as other dogs inch closer to her mark or maybe she'll reappear and make a late career comeback!*
